The Lake House Cookbook Trudie Styler, Joseph Sponzo, 1999 Moving to Lake House brought back to me my childhood dream of living on a farm. Although Sting and I are both from urban working-class backgrounds, it is with some sense of returning to our roots that we have come to Lake and are trying to live off the land . . . [as] my father and Sting's father were both keen vegetable growers. Since it was built in the English countryside in the sixteenth century, spectacular Lake House had been lived in by only five families before Sting, Trudie Styler, and their children settled in. It was this sense of history that encouraged Trudie and her family to move there--that and the opportunity to grow their own food, given an active interest in the ecology of the land and concern for their family's health. Beginning by cultivating leafy greens and potatoes, along with basic fruits like apples and pears, she and her husband have lovingly transformed the property into a working organic farm, with more than sixty acres of fruits and vegetables, four types of livestock, and honey- and cheese-making facilities. The Lake House Cookbook, written with family chef Joseph Sponzo, offers a mouthwatering array of dishes based on the farm's yield. Arranged seasonally, the more than 150 recipes include soups and starters, salads and vegetable dishes, main courses, desserts and baked goods, and drinks and preserves for every occasion and for the whole family. Dishes range from Roast Chicken with Corn and Broad Beans to Rolled Lamb with Chile Sauce and Mole, Swiss Chard and Pearl Barley Soup to Sea Bass with Mushrooms and Carrots, and Rustic Open Peach Pie to Herb-Brushed Polenta Bread. And while the emphasis is on organic, the ingredients themselves are very accessible and can easily be found in some variety at local stores. Lavishly illustrated with more than 300 photographs and wonderfully spirited, *The Lake House Cookbook* is a celebration of good food and good living. Nestled in the English countryside, Lake House is both a stunningly beautiful English manor house and a working organic farm that is home to Sting, Trudie Styler, and their family. Illustrated with more than 300 photographs, *The Lake House Cookbook* celebrates a year in the life of this incredible property, offering more than 150 recipes based on the farm's yield.

Herb Mark Diacono,2021-04-15 Guild of Food Writer’s Awards, Highly Commended in ‘Specialist Subject Cookbook’ category (2022) André Simon Awards shortlisted (2022) A beautiful book, and one which makes me want to cultivate my garden just as much as scurry to the kitchen. — Nigella Lawson At its core this book is about cooking, but it's an essential and valuable resource for folk who love to grow their own herbs and cook. Sorted by individual herbs with detailed notes on how to grow and use them, it's going to be a book I will turn to a lot over the years. — Nik Sharma Herb is a plot-to-plate exploration of herbs that majors on the kitchen, with just enough of the simple art of growing to allow the reader to welcome a wealth of home-grown flavours into their kitchen. Author Mark Diacono is a gardener as well as a cook. Packed with ideas

for enjoying and using herbs, Herb is much more than your average recipe book. Mark shares the techniques at the heart of sourcing, preparing and using herbs well, enabling you to make delicious food that is as rewarding in the process as it is in the end result. The book explores how to use herbs, when to deploy them, and how to capture those flavours to use when they might not be seasonally available. The reader will become familiar with the differences in flavour intensity, provenance, nutritional benefits and more. Focusing on the familiars including thyme, rosemary, basil, chives and bay, Herb also opens the door to a few lesser-known flavours. The recipes build on bringing your herbs alive - whether that's a quickly swizzed parsley pesto when short of time on a weekday evening, or in wrapping a crumbly Lancashire cheese in lovage for a few weeks to infuse it with bitter earthiness. With a guide to sowing, planting, feeding and propagating herbs, there are also full plant descriptions and their main culinary affinities. Mark then looks at various ways to preserve herbs including making oils, drying, vinegars, syrups and freezing, before offering over 100 innovative recipes that make the most of your new herb knowledge.

The Chef's Garden FARMER LEE JONES,2021-04-27 An approachable, comprehensive guide to the modern world of vegetables, from the leading grower of specialty vegetables in the country Near the shores of Lake Erie is a family-owned farm with a humble origin story that has become the most renowned specialty vegetable grower in America. After losing their farm in the early 1980s, a chance encounter with a French-trained chef at their farmers' market stand led the Jones family to remake their business and learn to grow unique ingredients that were considered exotic at the time, like microgreens and squash blossoms. They soon discovered chefs across the country were hungry for these prized ingredients, from Thomas Keller in Napa Valley to Daniel Boulud in New York City. Today, they provide exquisite vegetables for restaurants and home cooks across the country. The Chef's Garden grows and harvests with the notion that every part of the plant offers something unique for the plate. From a perfect-tasting carrot, to a tiny red royal turnip, to a pencil lead-thin cucumber still attached to its blossom, The Chef's Garden is constantly innovating to grow vegetables sustainably and with maximum flavor. It's a Willy Wonka factory for vegetables. In this guide and cookbook, The Chef's Garden, led by Farmer Lee Jones, shares with readers the wealth of knowledge they've amassed on how to select, prepare, and cook vegetables. Featuring more than 500 entries, from herbs, to edible flowers, to varieties of commonly known and not-so-common produce, this book will be a new bible for farmers' market shoppers and home cooks. With 100 recipes created by the head chef at The Chef's Garden Culinary Vegetable Institute, readers will learn innovative techniques to transform vegetables in their kitchens with dishes such as Ramp Top Pasta, Seared Rack of Brussels Sprouts, and Cornbread-Stuffed Zucchini Blossoms, and even sweet concoctions like Onion Caramel and Beet Marshmallows. The future of cuisine is vegetables, and Jones and The Chef's Garden are on the forefront of this revolution.
