This multi-volume work is the first major reference to bring together histories of companies that are a leading influence in a particular industry or geographic location. Each three- to five-page entry is meticulously detailed with facts gathered from popular magazines, academic periodicals, books, annual reports, and the archives of the companies themselves. Entries provide information on founders, expansions and losses, labor/management actions, NAICS codes, key dates, ticker symbol, principal subsidiaries, principal divisions, principal operating units, principle competitors, and other significant milestones -- all peppered with statistics, dates and names of key players. Vols. 1-6 are organized alphabetically by major industries; Vol. 7 and subsequent volumes are arranged alphabetically by company name within each volume. The histories were compiled from publicly accessible sources, as well as from material supplied by the companies themselves. Entries on companies that have had major changes since they were last profiled may be selected for updating.
